

GBT GmbH stellt neue Heimspeicher-Systeme vor – Erste Auslieferungen bereits erfolgt!

Düren, 10. April 2018

Stetige Weiterentwicklung und innovative Ideen im Bereich der stationären sowie mobilen Speichergeräte, einem Markt im Wert von 8,54 Milliarden USD bis 2023, stehen weiter im Fokus der GBT GmbH .

Die GBT GmbH, Betreibergesellschaft der GBLT Corp., ist stolz das neue und verbesserte Produktportfolio der Heimspeicher-Systeme vorzustellen zu dürfen. Die leistungsstärkeren Produkte Polaroid SMILE5, Storion T5, S10 Mini und Quattroporte ermöglichen die flexible Speicherung und den Eigenverbrauch von selbst produziertem Strom aus PV-Anlagen und anderen Energiequellen. Durch den modularen Aufbau ist eine spätere Erweiterung der Speicherkapazitäten jederzeit möglich. Auf diese Weise lässt sich auch in Zukunft problemlos auf geänderte Stromanforderungen reagieren und die Anlage ist flexibel anpassbar und passt sich auf diese Weise geänderten Stromanforderungen, auch in Zukunft, problemlos an.

Die ersten Geräte der Polaroid SMILE5-Serie wurden bereits an Kunden ausgeliefert und werden in den nächsten Tagen installiert und in Betrieb genommen. Somit geht die GBT GmbH weiter ihren erfolgreichen Weg der Etablierung von Komplettsystemen für die Energiespeicherung im privaten Sektor, sowie bei klein- und mittelständischen Unternehmen.

Eine Übersicht der neuen Geräte finden Sie auf www.polaroidenergystorage.com

GBT GmbH presents new home storage systems - First deliveries have already been made!

Düren, April 10, 2018

Innovative ideas and constant development in stationary and mobile storage devices, a market worth USD 8.54 billion by 2023, remains the focus of GBT GmbH.

The GBT GmbH, operating company of GBLT Corp., is proud to introduce the new and improved product portfolio of home storage systems. The more powerful Polaroid SMILE5, Storion T5, S10 Mini and Quattroporte products allow flexible storage and self-consumption of self-produced electricity from PV systems and other energy sources. Due to the modular structure, a later expansion of the storage capacities is possible at any time and adapts to changing power requirements, in the future.

The first devices of Polaroid's SMILE5 series have already been delivered to customers and will be installed and put into operation in the next few days. GBT GmbH continues its successful way of establishing energy storage systems for in the private sector, as well as for small and medium-sized companies.

An overview of the new devices can be found on: www.polaroidenergystorage.com

About GBLT

The GBT GmbH, operating company of GBLT Corp, is a diversified lighting and battery company and the official licensee for Polaroid light products (LED (light-emitting diode) and all other lighting technology, including retail and projects), Polaroid energy storage systems (mobile and fixed

systems) and Agfaphoto mobile energy products (such as batteries). GBT is focused on capitalizing on the current global trends in the rapidly growing energy storage and lighting sectors through the branding, sale and distribution of electronic products, including some under private labels, for residential and commercial markets. Through its licensing and branding partnership with Polaroid for lighting and mobile energy storage products, GBT has an immediate focus on launching its line of energy storage products in Europe, North America and internationally. GBT is also pursuing various large global commercial lighting projects. Additionally, under the brand name Agfaphoto, GBT distributes a wide range of mobile energy products worldwide, such as batteries, rechargeable batteries and chargers.
