

## **GBLT receives 25,000-mask follow-on order**

**Toronto, Ontario, Canada - Dueren, Germany – December 10, 2020 - GBLT Corp.** (TSXV: GBLT I OTCQB: GBLTF I FSE: 4G9) ("GBLT" or the "Company") is pleased to announce that the Company has added a major European retailer as its latest client purchasing Personal Protective Equipment ("PPE").

A major European retailer has added a follow-on order for an additional 25,000 of GBLT Corp.'s FFP2 masks. As previously announced on Dec. 2, 2020, the retailer had made its first order of personal protection equipment (PPE) of 25,000 FFP2 masks and has now gone on to add this second order as a follow-on. The German retailer has 222 physical stores throughout Germany with these masks being the first listed product with the retailer.

"Our branding strategy has proven to be highly effective throughout Europe as we continue to see growing demand for the Dr. Senst brand of PPE solutions," said Dr. Thilo Senst, chief executive officer of GBLT. "Our well-established supply chain and distribution network allows us to quickly match the demand from retailers seeking to stock shelves with our products with no delay or concern about not being able to fulfill orders. These orders are a testament to the many years of established and trusted relationships we have built with some of the largest retailers across Europe and their trust in GBLT by continuing to use us as listed vendor and reordering our solutions."

FFP2 masks are considered professional and medical-grade masks compared with the FFP1 masks that are more commonly found throughout European regions. FFP2 masks have filter capacity of approximately 94 per cent, comparable with the North American standard masks of N95 that offer filter capacity of 95 per cent, relative to FFP1 masks that have an 80-per-cent filter capacity.

### **About GBLT:**

GBLT, indirectly through its operating company, GBT GmbH, is a diversified lighting and battery company and the official licensee for Polaroid light products (LED and all other lighting technology including retail and projects), Polaroid energy storage systems (mobile and fixed systems), and AGFAPHOTO mobile energy products (such as batteries).

GBT is focused on capitalizing on the current global trends in the rapidly growing energy storage and lighting sectors through the branding, sale and distribution of electronic products, including some under private labels, for residential and commercial markets. Through its licensing and branding partnership with Polaroid for lighting and mobile energy storage products, GBT has an immediate focus on launching its line of energy storage products in Europe, North America and internationally. GBT is also pursuing various large global commercial lighting projects.
