

GBLT receives 700,000-euro order for thermometers

Toronto, Ontario, Canada - Dueren, Germany – December 15, 2020 - GBLT Corp. (TSXV: GBLT I OTCQB: GBLTF I FSE: 4G9) ("GBLT" or the "Company") is pleased to announce that the Company has GBLT CORP. SIGNS 700,000 ORDER WITH ONE OF EUROPE'S LARGEST RETAILER FOR THERMOMETERS

One of Europe's largest retailers has ordered 700,000 euros of GBLT Corp.'s Dr. Senst thermometers to be delivered in January, 2021. This is the company's first order for thermometers with this major retailer and is a new product line in GBLT's previously announced expansion into PPE (personal protective equipment) solutions. GBLT is a listed supplier for this major European retailer and this is now the second product that they are delivering with the first being masks.

This initial order of GBLT's thermometers will be placed in stores across one European nation and on-line distribution of this major retailer. Upon delivery of this order by end of January, the company expects follow-on orders for additional European countries with this retailer.

"Our unparalleled supply-chain network allows us to offer a host of PPE solutions beyond simply just masks, all of which fall under the Dr. Senst brand," said Dr. Thilo Senst, chief executive officer of GBLT. "After proving ourselves as a trusted vendor to this major European retailer, we have been able to expand our product offering with them to now offer thermometers. This is a logical next step for GBLT after introducing masks and our previously announced brand of disinfectant solutions, and believe this has the potential to be a significant product offering going forward."

Dr. Senst continued: "Over the years, we have established credible relationships with some of Europe's largest retailers and being recognized as a trusted partner, hence the reason we continue to receive contracts of this scale. As we move into 2021, we are seeing high levels of demand for our PPE products and believe this will remain a lucrative component to our business throughout the new year."

About GBLT:

GBLT, indirectly through its operating company, GBT GmbH, is a diversified lighting and battery company and the official licensee for Polaroid light products (LED and all other lighting technology including retail and projects), Polaroid energy storage systems (mobile and fixed systems), and AGFAPHOTO mobile energy products (such as batteries).

GBT is focused on capitalizing on the current global trends in the rapidly growing energy storage and lighting sectors through the branding, sale and distribution of electronic products, including some under private labels, for residential and commercial markets. Through its licensing and branding partnership with Polaroid for lighting and mobile energy storage products, GBT has an immediate focus on launching its line of energy storage products in Europe, North America and internationally. GBT is also pursuing various large global commercial lighting projects.
